

LiftMaster®

New 3-Button Remote Controls:

Premium Remote (895MAX), Standard Remote (893MAX) and Mini-Remote (890MAX)

The LiftMaster® Line of 3-Button MAX Remotes

- Introducing the newly designed line of innovative remote controls by LiftMaster, engineered with narrow band technology for more reliable operation.
- Equipped with multi-frequency radio systems (Security+® 2.0) for near-zero interference.
- New MAX model remotes are compatible with all LiftMaster, Chamberlain and Sears garage door openers manufactured since 1993. Including garage door openers with:
 - Security+® 2.0 (i.e. New Elite Series™ 8550 and New Premium Series 8360)
 - Security+® 315/390 MHz
 - Billion Code technology 390 MHz

3-Button Premium Remote Control (895MAX)

- This powerful transmitter is programmable up to three garage doors openers, MyQ-enabled light accessories or other MyQ-enabled devices.
- Unique contoured shape and faux leather grip provides functional yet luxurious access.
- Sleek design includes back-lit numbered buttons for night operation

3-Button Standard Remote Control (893MAX)

- This powerful transmitter is programmable up to three garage doors openers, MyQ-enabled light accessories or other MyQ-enabled devices.
- Protected by a hard plastic casing, this design also includes back-lit numbered buttons for night operation.
- Comes standard with purchase of Elite Series Belt Drive 8550.

3-Button Mini Remote Control (890MAX)

- Able to fit within any purse or pocket.
- Within the mini design there is maximum power, controlling up to three garage door openers, MyQ-enabled light accessories or other MyQ-enabled devices.
- This mini-remote, protected by a hard plastic casing and attached to a key ring, is ideal for homeowners/families in need of several secondary remotes.

Available to dealers: August 2011
