## Garage Door Opener Accessory Guide

## LiftMaster® Accessories: The freedom to enjoy life

LiftMaster's exclusive garage door opener technology makes your house safer and more responsive to how you live. That means never again having to worry you left the garage door open...never getting locked out... never having to come home to a dark house, and more. Put yourself in control and at ease with LiftMaster® accessories.

### LiftMaster® Internet Gateway 828LM

CONTROL YOUR GARAGE DOOR AND HOUSE LIGHTS FROM ANYWHERE

Making sure the garage is secure is always just one click away on your smartphone or computer, with LiftMaster's MyQ™ technology.

- Monitor and control your garage door opener from anywhere in the world
- Easy and fast installation through your in-home router

### Remote Light Control 825LM

CONTROLS HOUSE LIGHTS

Your home lights up when you arrive: Operate any lamp from the driveway with your garage door remote control or from your smartphone via your LiftMaster® Internet Gateway.

- Installs in a snap – simply plug into an indoor outlet, connect cord to the light you want to control, and program it to your remote or the LiftMaster® Internet Gateway
- Operates with your LiftMaster® garage door opener with MyQ™ enabled technology, smartphone or computer

### Garage Door Monitor 829LM

CONTROL THE GARAGE FROM INSIDE THE HOUSE

This innovative monitor lets you check and close the garage door from any room in the house.

- Green and red LED lights indicate whether the garage door is open or closed
- Volume-controlled audible alert lets you know when the garage door is being opened
- Can monitor and close up to four garage doors

### Remote Light Switch 823LM

LIGHT AT THE TOUCH OF A BUTTON

Replaces any single light switch, allowing you to control the lights remotely.

- Turn on lights in your garage, yard, or home with your garage door opener remote control
- Use with the LiftMaster® Internet Gateway to control lights from your smartphone or computer
- Compatible with Security+®2.0 and MyQ™ technology

### Smart Control Panel® 880LM

SMARTER CONTROL OF YOUR GARAGE

Easily program remotes and MyQ™ accessories, adjust settings or get maintenance alerts for complete control of your garage.

- Intuitive menu-driven panel gives you complete control of your garage door opener
- Use Timer-to-Close (TTC): Choose to have the door automatically close after a pre-programmed number of minutes
- Compatible only with Security+® 2.0 garage door openers

### Motion-Detecting Control Panel with Timer-to-Close 881LM

NEVER BE IN THE DARK

Activates the garage lights as soon as you walk in, so you never have to fumble in the dark again.

- Use Timer-to-Close (TTC) to have the door automatically close after a pre-programmed number of minutes
- Motion-activated light control, adjustable light timer and lock feature for added security
- Compatible only with Security+® 2.0 garage door openers

### Standard Wireless Keyless Entry 877MAX

CONVENIENCE AT YOUR FINGERTIPS

Don't want the kids walking around with a house key? No pockets to put a key? Keyless entry is the answer.

- Program temporary access codes for visitors or delivery and service personnel
- One-button-to-close works with all LiftMaster® garage door openers manufactured since 2006
- Compatible with all garage door openers manufactured by LiftMaster® since January 1993

### 3-Button Premium Remote Control 895MAX

TRIPLE CONTROL THAT LIGHTS THE WAY

LED lights lead you right to the control buttons for multiple doors or MyQ™ enabled devices.

- Sleek design includes bright blue LED buttons for night operation, unique contoured shape and faux leather grip
- Control up to three LiftMaster® garage door openers or MyQ™ light accessories
- Compatible with all LiftMaster® garage door openers manufactured since January 1993
