 Heights: 7' (3 section), & 8' (4 section)

## Specifications

### Original STEELHOUSE™ Modern Carriage Door Series Specifications

Sections are 2-inches thick in 24-inch and 28-inch heights and are manufactured from heavy-duty 23 gauge hot-dipped galvanized steel. Sections are prime painted white and rotary embossed with a woodgrain texture. Tongue and groove meeting rails are roll formed into the panel incorporating the RITS reinforced integral truss system. CFC- free polystyrene insulation with a high impact vinyl or 25 gauge woodgrain embossed steel backer provides the insulation for the section. Vertical stile members are 19 gauge hot-dipped galvanized I-beams pre-painted white to match the interior color of the door. Textured steel "C" channel, foam filled, facing boards 4" x .5625" are laminated to the face of the steel door with mechanical fasteners and an epoxy based cement. Bottom sections are reinforced with an aluminum "L" reinforcement angle riveted and bonded to the bottom of the section for supporting a replaceable UV protected grooved weather seal.

**INSULATION:** CFC-free polystyrene insulation with a rigid high impact vinyl back skin with an R-factor of 6.25, or a 25 gauge steel wood-grain embossed back skin.

**H-3 HARDWARE AND TRACK:** Heavy Duty commercial top and bottom fixtures with 14 gauge wide body hinges. 10 Ball white nylon rollers, galvanized torsion tube, coated spring wire, self-locking fasteners, red interior lift handles, interior lock, and .051 Vertical tracks and .060 Horizontal track. Single doors come standard with two exterior door handles and double doors with four handles.

**COLOR:** All doors are prime painted white from the factory and require post-painting. The examples shown have been painted to show some of the possibilities that further enhance the wood effect.

**Warranty:** is a limited lifetime warranty. Contact your distributor for additional information. All doors shown are 3 section 7', 8' has 4 sections. For configurations visit our website.

**DECORATIVE HARDWARE OPTIONS:** (1) Standard Handle, (2) Arrowhead Handle, (3) Dome End Twist Handle, (4) Rosette Concave Handle, (5) Black Lock Twisted Lever with Escutcheon, (6) Drop Ring Pull Handle, (7) Drop Ring Twist Handle, (8) Half Round Door Bolt; and four styles of Hinge Straps in lengths of 8", 12", or 18" — (9) Decorative Economy Hinge, (10) Arrowhead Hinge, (11) Rosette Hinge, (12) Dome Hinge.

## A Picture is worth a thousand words!

Rapid growth in new home construction has created a trend toward "sameness" in new residential construction. Homeowners are expressing their dissatisfaction with living in cookie-cutter housing that cannot show their personality. As a result, builders, architects, and municipalities are aggressively specifying more unique garage door styles. The Original STEELHOUSE™ Door is the answer to the demand for enhanced curb appeal and residential diversity.
